OBJECTIVE

Motivated and detail-oriented IT student seeking an opportunity as a Web Developer where I can use my skills in HTML, CSS, JavaScript and modern web technologies to build responsive and user-friendly websites while continuously learning and improving.

Projects

Web Development – Self Projects, *ITM College*
- Created responsive mini projects such as **Portfolio Website** using HTML, CSS, and JavaScript.
- Developed a **Travel Planner Web App** to plan trips with basic user interaction and clean UI using API.
- Built an **ITM Clubs Information Website** to provide details about college clubs, registration, and activities.
- Possess basic knowledge of **React.js and GitHub** for building and managing web applications.
- Focused on responsive design, user-friendly interface, and practical implementation of web development concepts.

EDUCATION

Bachelor of Technology in Information Technology - 7.0 GPA, *ITM*   09/2023 – Present
                                                                                          Gwalior

Higher Secondary (Class 12th), *[Little Flower High sec Schol]*   2021
                                                                                          Gwalior

---
